Publication lags, even short ones, prevent an up-to-the-minute inclusion of all recently published articles and data. Therefore, by the time the public reads this report, there may be additional published studies or data. To provide published information as current as possible, this Appendix lists more recent studies that represent major additions to the literature.

Chapter 2
Toxicology of Secondhand Smoke

Chapter 3
Assessment of Exposure to Secondhand Smoke

Chapter 4
Prevalence of Exposure to Secondhand Smoke

Chapter 5
Reproductive and Developmental Effects from Exposure to Secondhand Smoke

Chapter 6
Respiratory Effects in Children from Exposure to Secondhand Smoke

Alati R, Al Mamun A, O’Callaghan M, Najman JM, Williams GM. In utero and postnatal maternal smoking and asthma in adolescence. *Epidemiology* 2006;17(2):138–44.

Gilmour MI, Jaakkola MS, London SJ, Nel AE, Rogers CA. How exposure to environmental tobacco smoke, outdoor air pollutants, and increased pollen burdens influences the incidence of asthma. *Environmental Health Perspectives* 2006;114(4):627–33.

Chapter 7
Cancer Among Adults from Exposure to Secondhand Smoke

Chapter 8
Cardiovascular Diseases from Exposure to Secondhand Smoke

Chapter 9
Respiratory Effects in Adults from Exposure to Secondhand Smoke

Gilmour MI, Jaakkola MS, London SJ, Nel AE, Rogers CA. How exposure to environmental tobacco smoke, outdoor air pollutants, and increased pollen burdens influences the incidence of asthma. *Environmental Health Perspectives* 2006;114(4):627–33.

### Chapter 10

**Control of Secondhand Smoke Exposure**

Johnsson T, Tuomi T, Riuttala H, Hyvärinen M, Rothberg M, Reijula K. Environmental tobacco smoke in Finnish restaurants and bars before and after smoking restrictions were introduced. *Annals of Occupational Hygiene* 2006; doi:10.1093/annhyg/me1011.
